# Cybersecurity

Awareness among business  
and community stakeholders

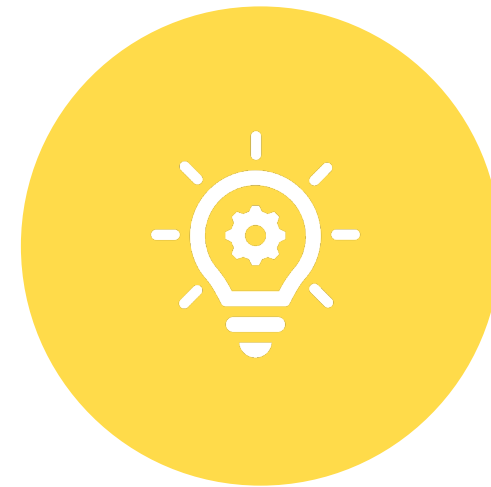

September 20, 2023

# More cybersecurity through collaboration

**Cybersecurity as a task for society as a whole**

**Understand and control own IT systems**

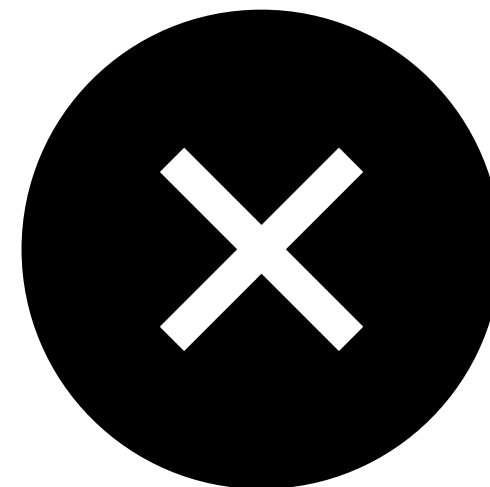

**Investments Innovations & Cooperation**

**Security by Design**

**Attribution**

**Human Error**

**Fight For Talents**

**Dialogue and network of minds**

We create awareness for a trustful national as well as international cross-industry and cross-sector cooperation with all stakeholders.
