## SECURITY IN DATA ECONOMY- A PEOPLES BUSINESS?

We believe that we can create a new reality.  
A reality in which data is connected and creates value and innovation.  
A reality in which data becomes an ecosystem.

# WHY DATA ECONOMY?

Connect data to collaborate with others

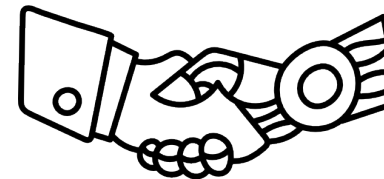

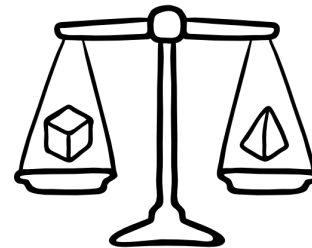

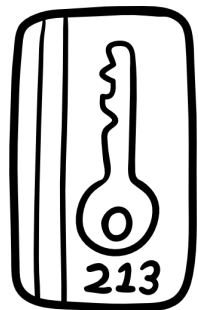

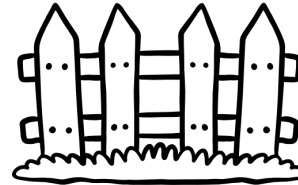

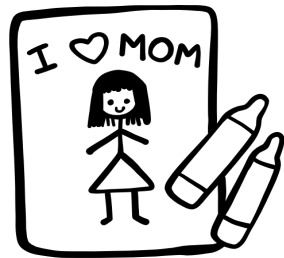

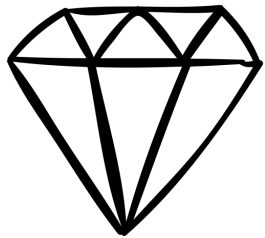

**UNLEASH YOU POTENTIAL.  
NOT YOUR DATA.**

# TRUST, VALUE & SECURITY

It's a peoples business

**Today's challenges** require us to **work together across borders** – Technology must not be the barrier to this.

# HOW WE SHAPE THE FUTURE

With **nexyo** you have **easy access** to a **cross-company data driven future** to solve collaboratively the problems of our time.
